## Mr. Market Gardener

**I**N making up this catalog we have done our utmost to keep prices down to the lowest possible level, quality considered. You will note a sharp reduction on some sorts of Cabbage Seed and on Scarlet Globe Radish. On the other hand, we were compelled to advance the figures for Beans and some imported items, due to short crops and the lower value of the dollar in foreign lands.

While we shall try to maintain catalog prices throughout the whole season, we cannot guarantee to do so, and reserve the right to withdraw them at any time without notice.

We respectfully solicit your orders for 1934 requirements, assuring you they will have our best attention.

Call, phone or write, as you like.
